Group Art Unit: To Be Assigned

Filed: : September 19, 2001 (Herewith)

Examiner: To Be Assigned

For : Method for Polymerising Olefins in the Presence of Nickel Complexes and Corresponding
: Catalytic System

INFORMATION DISCLOSURE STATEMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

Pursuant to the duty of disclosure under 37 C.F.R. 1.56, Applicants are enclosing an Information Disclosure Citation Form (PTO-1449) to submit papers to the PTO which lists the references cited in the International Search Report and the specification accompanying the national stage documents being filed on this same date together with a copy of each reference cited therein. The relevance of the references is set forth in the noted International Search Report. This includes a copy of PCT Publication WO 00/56744 and an English language International Search Report for the PCT application.

It is respectfully requested that the cited documents be considered by the Examiner in the above-identified patent application and that the cited documents be made officially of record therein. It is further requested that a listing of the same appear on the face of any patent which may issue from this application.

Respectfully submitted,

SMITH, GAMBRELL & RUSSELL, LLP
